

### Hospital Reproductive Health Services

In accordance with 2SSB 5602 (Laws of 2019), the purpose of this form is to provide the public with specific information about which reproductive health services are and are not generally available at each hospital.  
**Please contact the hospital directly if you have questions about services that are available.**

Hospital name: Ferry County Public Hospital District

Physical address: 36 Klondike Road

City: Republic

State: WA

ZIP Code: 99166

Hospital contact: Jennifer Reed, CEO

Contact phone #: 509 775 3333

**An acute care hospital may not be the appropriate setting for all reproductive health services listed below.**  
 Some reproductive services are most appropriately available in outpatient settings such as a physician office or clinic, depending on the specific patient circumstances.

The following reproductive health services are generally available at the above listed hospital:

**Abortion services**

- Medication abortion
- Referrals for abortion
- Surgical abortion

**Contraception services**

- Birth control: provision of the full range of Food and Drug Administration-approved methods including intrauterine devices, pills, rings, patches, implants, etc.
- Contraceptive counseling
- Hospital pharmacy dispenses contraception
- Removal of contraceptive devices
- Tubal ligations
- Vasectomies

**Emergency contraception services**

- Emergency contraception - sexual assault
- Emergency contraception - no sexual assault

**Infertility services**

- Counseling
- Infertility testing and diagnosis
- Infertility treatments including but not limited to in vitro fertilization

**Other related services**

- Human immunodeficiency virus (HIV) testing
- Human immunodeficiency virus (HIV) treatment
- Pre-exposure prophylaxis (PrEP), post-exposure prophylaxis (PEP), prescriptions, and related counseling
- Sexually transmitted disease testing and treatment
- Treatment of miscarriages and ectopic pregnancies

**Pregnancy-related services**

- Counseling
- Genetic testing
- Labor and delivery
- Neonatal intensive care unit
- Prenatal care
- Postnatal care
- Ultrasound

**Comments; limitations on services; other services**

No Obstetrical practice is done at FCMH. All pregnant individuals and reproductive health related inquiries are referred to other facilities for OB providers and care.

### Hospital Reproductive Health Services

Hospital name: Ferry County Public Hospital District

#### Additional comments; limitations on services; other services (*continued*)

It is the policy of Ferry County Public Hospital District (FCPHD) to provide emergency services for the delivery of an infant in which it would be unsafe to transfer the patient. A medical screening exam will be completed on all patients who present to the emergency department in questionable labor to determine whether an "emergency medical condition" exists. If an "emergency medical condition" exists or if the patient is in active labor, treatment must be instituted. Treatment of miscarriages and ectopic pregnancy would fall under the EMTALA protocols.

Additional services offered by our RHC (Republic Medical Clinic) although not listed here. See the Republic Medical Clinic for additional information
