

Welcome back Jane!

By Lacy Sharbono, Executive Assistant/Medical Staff Coordinator

Ferry County Public Hospital District is excited to welcome Jane Jacobson, ARNP back as one of our staff of Primary Care Providers! Jane originally started at the District in October of 2013 and was here until October of 2016. After a short time on the Western side of the state, Jane decided it was time to come back to beautiful Republic. She was a staple to our District during her time here and will continue to be now that she is back! If you would like to make an appointment with Jane please call the Republic Medical Clinic at 775-3153.
