

Save the date: upcoming health fair

By Terali Stonehocker, CEO

Ferry County Public Hospital District (FCPHD) will be recognizing “National Hospital Week” this year by sponsoring a community Health Fair on Saturday, May 14, at the hospital.

In addition to the hospital, there are numerous agencies in our community and county that provide additional and/or supplemental health and healthcare related services. The goal of the Health Fair is to give our community an opportunity to gather information and talk to agencies about the services that are available.

The District will participate in the Fair

with the hospital, clinic, assisted living facility and rehab having information on what services are provided here in Republic. Representatives will be available to answer questions.

Invitations have been sent out and a list of agencies participating in the Health Fair will be published before the scheduled date. If you are interested in participating in the fair, please contact Nina Novikoff at 509-775-3333.
