HOSPITAL HAPPENINGS

Sports physicals

By Jeanette Phillips, Republic Medical Clinic Receptionist

It's that time again! Are you and your teens ready for sports? Fall sports are upon us, which means some may need a sports physical. In order for athletes to not miss any practices, it's important to get them an appointment as soon as possible. Sports physicals are \$25 and are mandatory to participate in our school's athletic programs, but are only needed every 2 years. Even if you're planning on a winter or spring sport, call to schedule your sports physical now, to ensure you can be seen before practices begin.

High School Football for the Republic Tigers begins August 17th, while Volleyball and Cross Country both start August

22nd. Junior High sports will start after school begins. Dan Groom is the Athletic Director for the Republic School District.

High School Football for the Curlew Cougars begins August 22, with Volleyball and Cross Country both beginning August 25th. Charlie Groth is the Athletic director for Curlew.

If you or your child needs a sports physical, call Republic Medical Clinic at 509-775-3153 or Curlew Medical Clinic at 509-779-4049. Have a safe and successful school year!

HOSPITAL HAPPENINGS

Clyde the therapy dog

By Aaron Edwards, CEO

Ferry County Public Hospital District (FCPHD) welcomed a very furry and distinguished guest this past Friday morning. Clyde the therapy dog and Noreen Taylor, his handler, brought smiles to the faces of hospital and Klondike Hills residents. The Taylor's moved to Republic from California to retire to the area. Clyde is registered with the BARK therapy dog program and brings three years of experience working with hospice patients. He is a five year old Brussels Griffon. We are pleased to announce that Clyde and Noreen will be regular volunteer visitors to FCPHD!

FCPHD will be talking more about rebuilding the volunteer program in future editions of the hospital happenings. If you have a desire to serve as volunteer please contact Nina Novikoff at 509-775-3333.
